The main activities to be undertaken are mentioned in the QPR1 and reproduced in this QPR 2. ## **Chapter I. Major broad areas taken up in the 2<sup>nd</sup> Quarter**

After roll out of GST, the Department has focused on stabilizing various activities such as completion of migration, facilitating new registrations, conduct of capacity building session for dealers, tax practitioners and also for various department functionaries and most important return filing facilitation.

It was expected that the prices of commodities will come down as the cascading effect of taxes got completely removed with advent of GST regime. However experience was contrary to the expectations and it was noticed that many commodities prices have been increased. Therefore, to have oversight mechanism, we have oriented officers for collecting information from various places regarding pricing of commodities to evaluate impact of GST on prices. Kerala is the first state to conduct the study and sent the report to Anti Profiteering authority. The matter is being followed up.

We have taken up individual cases with GSTN and facilitated registration and return filing related issues. As we go forward, we are optimistic that GST will consolidate and settle.

GSTN mainly is responsible to provide IT backbone to all the States and Union Territories. The most important modules are Registration, Return filing and Payment. During the last six months, GSTN is taking efforts to stabilize the system. Out of these modules the registration module is stabilized except some case specific issues. But the Return related issues are not yet sorted out. There is a Group of Minister constituted by GST Council to look into various aspects of return filing and simplification. The GST Council is expected to take decision on the same.

As a predominantly consumer state, Kerala was always on forefront to highlight the necessity of e-Way bill system, once the check posts have been abolished. The e-Way bill system is finally entrusted with NIC and they were expected to complete the e-Way bill system for the country by December end. Kerala has participated in pilot and started preparing to introduce e-Way bill system in the first phase itself.

## Chapter V. Returns

### A. Return Filing

In indirect taxation the most important aspect is monthly return filing, as it gives all the details of purchases and sales. As there are some technical glitches, there is a constant demand from the dealers to simplify the process of return filing. GST Council has taken up this issue seriously. There is a Group of Ministers (**GoM**) for Return simplification and a Committee of officers. They are working on these issues and final decision will be taken by GST Council shortly.

The return filing process is further simplified in the following manner:

i. All taxpayers would file return in FORM GSTR-3B along with payment of tax by 20th of the succeeding month till March, 2018.

ii. For filing of details in FORM GSTR-1 till March 2018, taxpayers would be divided into two categories. Details of these two categories along with the last date of filing GSTR 1 are as follows:

(a) Taxpayers with annual aggregate turnover up to Rs. 1.5 crore need to file GSTR-1 on quarterly basis as per following frequency:

| Period                       | Dates                          |
|------------------------------|--------------------------------|
| July 2017- September 2017    | 10 <sup>th</sup> January,2018  |
| October 2017 – December 2017 | 15 <sup>th</sup> February,2018 |
| January 2018 – March 2018    | 30 <sup>th</sup> April 2018    |

(b) Taxpayers with annual aggregate turnover more than Rs. 1.5 crore need to file GSTR–1 on monthly basis for following frequency:

| Period          | Dates                          |
|-----------------|--------------------------------|
| July - November | 10 <sup>th</sup> January,2018  |
| December        | 10 <sup>th</sup> February,2018 |
| January         | 10 <sup>th</sup> March,2018    |
| February        | 10 <sup>th</sup> April 2018    |
| March           | 10 <sup>th</sup> May 2018      |

iii. The time period for filing GSTR-2 and GSTR-3 for the months of July, 2017 to March 2018 would be worked out by a Committee of Officers. However, filing of GSTR-1 will continue for the entire period without requiring filing of GSTR-2 & GSTR-3 for the previous month / period.

### **B. Extension of Dates**

Taking cognizance of the late availability or unavailability of some forms on the common portal, it has been decided that the due dates for furnishing the following forms shall be extended as under:

| <b>Sl. No.</b> | <b>FORM and Details</b>                           | <b>Original due date</b>   | <b>Revised due date</b> |
|----------------|---|--|-------------------------|
| 1              | GST ITC-04 for the quarter July – September, 2017 | 25.10.2017   | 31.12.2017              |
| 2              | GSTR-4 for the quarter July-September, 2017       | 18.10.2017   | 24.12.2017              |
| 3              | GSTR-5 for July, 2017                             | 20.08.2017 or 7 days from the last date of registration whichever is earlier | 31.01.2018              |
| 4              | GSTR-5A for July, 2017                            | 20.08.2017   | 31.01.2018              |
| 5              | GSTR-6 for July, 2017                             | 13.08.2017   | 31.12.2017              |
| 6              | TRAN-1  | 30.09.2017   | 27.12.2017              |

### **C. Waiver of Late Fee**

A large number of taxpayers were unable to file their returns in FORM GSTR-3B within due date for the months of July, August and September, 2017. Late fee was waived in all such cases. It has been decided that where such late fee was paid, it will be re-credited to their Electronic Cash Ledger under "Tax" head instead of "Fee" head so as to enable them to use that amount for discharge of their future tax liabilities. The software changes for this would be made and thereafter this decision will be implemented.

## **ACTION RESPONSIBILITY –TIME LINE MATRIX**

It was expected that all officers will use this matrix as a guideline and take up various activities in the field. It is noted that the field officers are yet to understand the importance of Management Information System (MIS) and its use to improve the quality and output of the works. QPR 1 gives specific instructions on page 30 to all the field functionaries to take various activities. Some of the officers have taken up these activities, but the supervisory officers have not given due importance and they have not reported the actual progress of the works done in the field. Therefore one is not able to analyse works done, and interventions done in the districts and its impact in terms of compliance.

As the actions which are to be taken in time get delayed their impact on the output also gets delayed and gradually complacency sets in. This in turn becomes a huge back log works results in quality deterioration and sub optimal performance.

The supervisory officers' first and foremost responsibility is, TO GET THINGS DONE AT THE FIELD LEVEL and not merely pass on the information. The dissemination part has been already done at the time of release of QPR 1 and uploading the same in website and during field visits of Prl Secretary and other nodal officers.

I urge to all Dy Commissioners to peruse page 30 onwards of QPR 1 and submit specific information regarding actions taken and achievements in their respective districts. It is our effort that all the functionaries shall get into the mode of examining the data and do analysis at their respective level. Based on the analysis, plan priority activities and do those interventions well in time. Wherever they require any guidance that may be given by Dy Commissioners and other supervisory officers in the district as well as from the State level. Such coordinated actions will improve the performance of the department in terms of achieving the revenue targets and improving overall tax administration in the State.
